Dear Sir/Madam,

Many thanks for your enquiry. We are an independent business, not tied to any manufacturer and our fleet is frequently changing. Although this initial response is a duplicated letter, we hope it will answer most of your queries. However, over the past twenty years we have endeavoured to offer unrivalled personal service to both our regular and new clients and would therefore be most willing to reply to any individual queries you have.

An up to date price list follows, and a booking form is attached, in case you wish to book.
We would like to assure you that:

1. There will be no “hidden” charges added to your bill.
2. There is absolutely nothing to pay until you receive the car.
3. Your liability for any collision damage is limited to £200.00, unless informed to the contrary.

Drivers up to 75 years old can drive, and older drivers who have rented from us previously are usually accepted by our insurers. If you are over 75 years old, please telephone to see if we can get a special clearance from our insurers, which may involve a higher collision damage cost.
